'COMMUNICAKE' SEPTEMBER TALK

"THE WOMAN LIVING WITHOUT MONEY"

To radically reduce her footprint

To live without money? Do you want to know

- How it really feels? Is it truly possible?
- Why people do it? Their reasons & motivations....
- How they prepared for it?
- Are you curious about the pros and cons of their experience, the potential gains and losses?

Jo Nemeth has lived without money for six months. The inspiring woman, local to the Northern Rivers, will openly share with you while leading into a respectful discussion where all topic related questions will be answered. The café offers for the first time an open financial exchange for coffee and cake. Give what you think the service and products are worth. No set prices from 2pm on for the day.
